## 2020 ROAD WORK AROUND MSP AIRPORT

Plan for major road work around the Minneapolis-St. Paul International Airport through Fall 2020.

› Westbound Highway 5, from Highway 62/55 to I-494, will be closed through the middle of October.

› The I-35E/I-494 interchange and surrounding area will be under construction through September, resulting in lane restrictions and ramp closures.

*All dates are tentative and weather permitting*

### PLAN YOUR APPROACH

Plan for a full construction season of Highway 5 closures and detours. Know your route before you drive. Even if there are fewer vehicles on the road, the detours will add time to your trip. If you take transit, do your part to slow the spread of COVID-19. Please keep distance between yourself and others; face coverings are required on Metro Transit buses and trains.
